Trade Secrets: Getting the Exchange You Want

You’re new to Interval and exchange. Naturally, you’ve got questions. And we have answers.

Why is depositing my week so important?
It’s all about four words: travel window and trading power. Deposit up to two years in advance of your home resort week, and you’ll have four years to exchange — from two years before the week you own, until two years after. That’s flexibility.

Yes, but what about that trading power?
Look at it as a competitive advantage. A deposit two years before your home resort week has more power than a deposit six months in advance. And your trading power is locked in when you deposit. That’s powerful.

Is it enough to deposit?
No. Once you’ve deposited and you know where you want to go, either confirm an exchange or place a request.

Any request tips?
Yes. Think less about a specific destination and more about the kind of vacation you want. Looking for something tropical? Choose several Caribbean islands rather than just one. And request the smallest-sized unit that will accommodate you and your traveling party.

I own at a points-based club. Do I need to deposit?
No. Just place a request and keep your points until we confirm that you have enough to make your exchange.

Anything else I should know?
Exchanging is not like booking a hotel room. New resort weeks are added to our system regularly, so the week you want may become available at any time. Just request and sit back while we do the searching for you.

LET’S MAKE AN Exchange. Go to intervalworld.com or call 800-INTERVAL today.
Getaways

Getaways are weeklong resort accommodations at prices often less than what you’d pay for a few nights at a hotel. They are the perfect solution for when you just want to get away without exchanging your week or your points. Stay for a few nights or enjoy the full week — it’s up to you!
