As an Interval International® member, you can exchange your points for stays at hundreds of resorts in countries around the world. You can visit resorts in exciting locations such as Asia, Europe, the U.S., Australia, South America, the Caribbean, Mexico, and New Zealand!

This simple-to-use guide makes exchanging with Interval a snap. Start now and before you know it, you could be traveling to a new and exciting destination.

Get the **Point**

Exchanging through Interval puts the world within your reach. Understanding the basics of trading your points with Interval is the first step in getting you where you want to go:

- Contact your club or resort to determine your points value when exchanging through Interval.
- The number of points required to exchange will vary depending on your desired location and unit size, as well as the seasonal demand.
- To determine seasonal demand of specific destinations, refer to the Travel Demand Index located in your *Interval International Resort Directory* at the beginning of each geographical region. You can also find it at IntervalWorld.com.

Pointing the Way

- Visit IntervalWorld.com and search for your next great adventure. If what you are looking for is available, Interval will make sure you have enough points to make the exchange, and then you will receive an instant confirmation. (Note: Some members will be able to exchange at IntervalWorld.com, while others will have to contact the club or resort from which they purchased.)
- If it's not available, no problem. Just place a request and let Interval do the searching for you. You'll keep your points until a confirmation is issued, which is very likely: 97 percent of exchange requests placed by Interval members result in a confirmation.*
- To improve your chances of confirming a vacation, request as many resorts and dates as you are willing to accept. You must request a minimum of:
 - Three different resorts and one time period
 - One resort and three time periods or
 - Two resorts and two time periods
- To enhance your trading power, place your exchange request as soon as you know where you want to go.

The confirmation rate on all exchange requests was 97.1 percent. This figure is a summary of the exchange requests entered with the exchange program and does not indicate a member's probability of being confirmed to any specific choice or range of choices, since availability at individual locations may vary.
